CODI Power Steering Fluid

DESCRIPTION:

CODI Power Steering Fluid is formulated with high quality base oils and a balanced additive package that will provide wear, rust, corrosion, and foam protection in power steering systems.

The base oil selection assures excellent low temperature performance for Premium Performance Power Steering Fluid, while the specialized performance additive provides reduced friction that has been shown to reduce pump wear and noise. Premium Performance Power Steering Fluid is designed to give complete protection for power steering systems.

APPLICATION:

CODI Power Steering is suitable for service and refill applications for the following manufacturers and most power steering systems.

- GM Saginaw power steering (GM 9985010)
- Chrysler (MS -1872,MS-5931F)
- Ford (ESW-M2C128-C, D)
- Acura/ Honda (PN 08206-9002 PE)
- * Not to be used in applications that require (Honda PN 08208-99961)
- Audi (PN G002000)
- Mercedes Benz (PN 00989 8803)
- Saab (PN 30 09 800)
- Subaru (PN K0Z09A0080)

FEATURES & BENEFITS:

Contains a seal conditioner that reduces the potential for leaks. Anti-foam additives that provides smooth operation and a friction modifier to reduce pump noise (squeal).

Excellent oxidation protection for high under-hood temperatures experienced by most cars.

Superior cold temperature flow characteristics assure smooth and easy power steering operation even at extremely low temperatures.

CODI Power Steering Fluid
Typical Properties

Qualifications:	Power Steering Fluid
Viscosity, cSt	
@ 40°C	106
@ 100°C	14.1
Viscosity Index	155
API Gravity	32.6
Pour Point, °F	-50
Flash Point, °F	197.6

The typical properties listed reflect the general characteristics of the product, and are not manufacturing specifications. Normal batch-to-batch variations should be expected.

HEALTH & SAFETY:

A complete material safety data sheet is available upon request. Used oil may be harmful. Avoid prolonged or repeated skin contact. Wash clothing and exposed areas with soap and water. Don't pollute - return used oil to a collection center.
